... Please turn over

Reason(s) for Excision:

Two excisions to the video recording are required to remove depictions of degrading, dehumanising and demeaning sexual conduct and to reduce the extent and degree to which the video recording degrades, dehumanises and demeans women participants. Both instances occur in the final scene, in the context of a prolonged focus on a series of activities centred around women's buttocks and anuses. The sexual conduct depicted includes digital and penile penetration of a woman's anus, with the penis and fingers then being sucked by another woman, and ejaculation directly into the anus followed by a woman performing prolonged anilingus. Both instances are shown in close-up and present unsafe sexual practices in salacious detail. They follow and intensify the effects of a prolonged focus on anal activity that tends to reduce the women participants to available orifices for penetration.
